# EXECUTIVE GUESTS TESTIMONIALS

*I found the event was well organized with clear instructions in advance, the venue was fantastic as was the food. The reception on the balcony was fabulous. I very much appreciated the "no pressure" nature of the event, it was an excellent opportunity to network and canvass opinion on the subject matter in hand, I made some useful contacts.  I have no criticism of the event of its organization and would appreciate any further invitations to future Select World Services events.*

**Head of Operations, Digital Media Services**
**British Telecom**

*I had a great time at this event.  The audience was small, and the quality of the attendees was excellent.  It was also very well organized and run, and the speaker was really interesting and engaging.*
*I would be more than happy to attend another one of your events.*

**European Head of Information Systems**
**Virgin Active**

*Yes indeed, thanks again a useful and interesting event.  Interaction between guests was excellent. Glad to join.*

**COO**
**TalkTalk Group**

*Thanks for having arranged the event yesterday!*
*Feedback:*

− *Event was well managed, clear communication upfront of the topic and logistic*
− *Venue easy to reach, meal excellent!*
− *Topic was very interesting – I come from a different perspective from the people in the room as I run a business line for software products so I am responsible for define strategy for our products and for the P/L while most of the other people in the room were IT people focusing on changing IT infrastructure within their own organization. Anyway I found that quite interesting and got involved in few good conversations about future of technology.*

*Overall a good experience!!*

**Senior Director, Global Product Management**
**Experian UK**

*It was a nice evening; I did enjoy it and benefit from my peer's insight in the same time.*
*Thanks for inviting me and well done for a well-organized event.*

**Group CIO**
**TDA Capital**
