Many thanks for arranging that event. It was a great event and opportunity to meet all attendees in such a nice place. The dinner provided me with an opportunity to network with some new contacts and to have constructive discussions about the IoT.

EXECUTIVE GUESTS TESTIMONIALS

My feedback to the Executive Dinner is in general very positive as I was not expecting the setup in that way. The talk with all attendance enriched my knowledge with their view of the subject.

Thanks for the invite! Although, I didn't know who the sponsor was before, the evening was a good balance between networking and the sponsors education around the subject.

I found the selection of invitees to be well done – already have connected with a few with mutual interests.
