

SELECT WORLD SERVICES

Foresight, turnkey, exclusive.

Invitation Exclusive Executive Dinners focused on:

USING IDENTITY TO EMPOWER YOUR DIGITAL BUSINESS

From 6:30 PM to 10:30 PM

Dates and locations

Paris FRANCE

November 3rd 2016

We will discuss

- **You** (Businesses and organizations) cannot properly take advantage of the digital transformation without a scalable and repeatable identity strategy. Without it, you have no way to identify and engage with your customers in a meaningful way.
- **Using identity** to get to know your customer. By using real-time context to create a single overview of the customer, you can offer better, personalized service based on real buying habits. This builds lasting customer relationships – and more importantly, trust.
- **Securing identities** for global Fortune 1000 companies, across cloud, mobile, and devices and things (IoT) – whether a laptop, mobile phone, table, citizen portal, connected car, healthcare wearable, or connected home device.
- **Implementing** a common identity platform company-wide, in order to share valuable data across the entire organization for better customer engagement.
- **Scaling** and externalizing your identity platform to accommodate customers, prospects, partners, and citizens.

ForgeRock
The Rock of Identity

**Digital customer engagement.
Anytime, anywhere,
across anything.**
