EXECUTIVE GUESTS TESTIMONIALS

Thanks for inviting me.

It was a beautiful setting, interesting participants, a topic of interest and all very smooth organized.

**Head of Security Risk Management & Governance Section
European Central Bank**

Here are few bullets for my feedback:

- *Location, service, food, etc. was great*
- *Chauffer service was great*
- *Networking with others in the industry was great*

**Head of BT Security & Deputy CISO
Business Technology International
Merck Group**

Many thanks again for the invitation to the Executive Dinner! It was a great & interesting evening.

- *The event was very well organized (information/updates about the event in advance, chauffeur service...)*
- *Very nice location & dinner*
- *Good mix of executives and speaker. It was very interesting & valuable to discuss with executives from different companies/industry sectors what their cybersecurity challenges are.*

**Head of Computer System Validation (CSV), Technology Facilities
M+W Group**

Thank you for your e-mail, and thank you again for organizing the event.

In my opinion, it was a very good evening. The organization was perfect, and I enjoyed the subject matter. SAP security is something that has always been important to me, but I never had a chance to discuss it with such a relevant peer group. I really enjoyed the dynamics of the evening. I think we had a great discussion – I learned quite a few new things, got to know some new “colleagues”. What more can I ask for?

I am actually awaiting some more detailed information from the vendor since I think they have quite an interesting value prop. Let’s see where it leads...

I look forward to an opportunity when our paths cross again.

**CISO
AIG**
