## EXECUTIVE GUESTS TESTIMONIALS

*1<sup>stly</sup> Thank you for the invite*

*The feedback from me is very positive. I liked the mix nature of the attendees, more often than not you see a silo approach in conferences where only Banking or only insurance or only consultancies participate.*

*It was good to see that issues are consistent across the wider sector. I would have liked for the presentation to be a lot more detailed and focused around potential resolutions rather than issues which we know exist.*

*But overall I was impressed with the engagement.*

**Director - Global Head of Market Risk Analysis Reporting and Control

*Good arrangement. Worked well. The presentation was a bit high level and would be more interesting if the focus was not on what worried people but more what best-in-class companies are actually doing about it.*

**Executive Vice President - Head of Group Finance  
Danske Bank**

*I would like to warmly thank your company for hosting the event and inviting me. I found the topic, the speakers and the other participants very valuable.*

*The car service was very convenient and the venue is one of the best in Copenhagen -- well chosen and a much higher level than other events I have participated in.*

*Even though you will create a closed LinkedIn group, it would still be nice to have a guest list so that I can contact participants who may not join the group.*

*My only other constructive feedback is that the name signs on the table should have the names on both sides so that we can see the names on the opposite side of the table.*

*I look forward to being able to join future dinners.*

**Head of Digital Solutions  
Nordea**

*Thank you very much for the evening yesterday. Some thoughts on my side:*

- *Professional setup (pre-meeting info, follow-up etc.)*
- *Great venue*
- *Good target group*
- *Presentation/survey did not really provide any insights nor facilitate discussion*

*My recommendation would be to focus more on the joint challenges e.g. infrastructure, time to market, transformation and facilitate key learnings across the group.*

## EXECUTIVE GUESTS TESTIMONIALS

*Thanks for the participation.*

*It was actually a very good event.*

*I liked the forum of executives – very good composition.*

*People with the same background (financial sector) but still a different background to give a lot of inspiration.*

*Also very good to have the facilitation by Experian.*

*The number of attendees was the right one – with this number of participants, you still keep the intimacy.*

*I hope that I will have the opportunity to meet you for another event.*

**Managing Director**

**Nordea**

- *Logistics, dinner and service levels were great*
