EXCLUSIVE EXECUTIVE DINNER BY INVITATION ONLY

SECURING THE MIGRATION OF ORACLE E-BUSINESS SUITE TO THE CLOUD

DATE & LOCATION

Boston, MA **November 13, 2018**
San Francisco, CA **November 15, 2018**
Palo Alto, CA **November 15, 2018**

You are cordially invited to discuss emerging **trends, challenges,** and **market issues** with fellow **C-Level** decision-makers at SWS' **exclusive,** executive dinner.

Oracle E-Business Suite (EBS) is a complex application and houses an organization's most business-critical assets. During this transition, organizations have the ability to improve agility, security and compliance while lowering costs through Infrastructure as a Service (IaaS) and Database Cloud Services (DBCS). When migrating Oracle EBS to the cloud, the complexity and criticality requires that security be a key component in this transition. Aligning the appropriate teams and including security during each phase of the transition is the key to a comprehensive migration plan.

WE WILL DISCUSS:

- ▶ Implementing advanced controls to stay in compliance with regulations such as GDPR and SOX
- ▶ Automating vulnerability management and audit/compliance workflows to increase agility and reduce cost
- ▶ Aligning internal teams to achieve both compliance and security during a migration
- ▶ Make security an enabler rather than a road block during your migration to the cloud

JOIN US for senior-level conversations, exchange of ideas and networking at Select World Services' exclusive, by invitation only Executive Dinner – **Securing the Migration of Oracle E-Business Suite to the Cloud**
